## SERVICES

*Serving Culpeper, Fauquier, and Orange Counties.*

### WORSHIP

We are considered a protestant denomination of the Christian church with beliefs that are in line with the mainstream of Christian belief. Salvation Army officers are ordained ministers that can perform marriages and dedicate children and who regularly provide ministerial duties of their congregations.

### EMERGENCY DISASTER SERVICES

By providing beverages, meals, and emotional and spiritual care to first responders and survivors, we strive to bring hope and healing to people who find themselves in the midst of extremely difficult situations.

### CAMP RAPPAHANNOCK

There is something restorative about providing a child with the opportunity to leave the city behind and to explore nature. Each summer, youth from Salvation Army units all over Maryland, Virginia, and West Virginia come to camp, located in Richardsville, VA, for a week that can literally change their lives.

### CRISIS ASSISTANCE

We provide financial or material help during times of unexpected need. We can provide assistance with utility bills as well as food and clothing for families.

### FAMILY STORES

Our Family Store helps the community in a couple of very important ways. When you donate goods, you're helping to provide items that are sold to the community or given to those with the greatest need. In addition, when you shop for items at our stores, you're directly funding life-restoring programs that exist in our community.

### SEASONAL ASSISTANCE

We offer an array of Christmas Assistance programs throughout our community. This includes assistance with food for the holidays, gifts and toys for children, assistance with utilities, and much more.

The Mission for our Home Delivered Meals Program is to support the independence and well-being of our older adults in the counties of Culpeper, Fauquier, Madison, Orange, and Rappahannock.

Encompass Community Supports' Home Delivered Meals Program provides nutritious, frozen meals to older adults in our region who are unable to leave their homes due to illness or disability and have no assistance preparing meals.

Our meals are developed and based on guidelines from the Virginia Department for Rehabilitative and Aging Services (DARS). These meals are low in sugar and salt to accommodate individuals with special diets.

## Mobile Outreach

encompass  
—Community Supports—

Formerly Known As – Rappahannock-Rapidan Community Services

*Improving the quality of life for all adults aged 60 and over in the counties of Culpeper, Fauquier, Madison, Orange, and Rappahannock*

### WHO WE ARE

Community Connections for Older Adults is a division of Encompass Community Supports - your Area Agency on Aging. Mobile Outreach is a program initiative developed to address a variety of needs of older adults (aged 60+) and to provide local resource connections and supports to meet those needs.

### WHAT WE DO

- Mobile Outreach assesses for and addresses social, nutritional and health related needs with emphasis on helping older adults who may be socially isolated or experiencing hunger/food insecurities.

### HOW WE HELP

- Once needs are determined, available resources and supports are identified, and connections are provided which can include internal Encompass Community Supports' programs/services as well as partner agencies throughout our five-county area.
- Senior Centers, Adult Day Services, Home Delivered Meals, Transportation, and Adult Support Coordination are some examples of services available within our agency.

### AT A GLANCE

#### TWO PRESSING ISSUES

Our Mobile Outreach initiative was created to address Social Determinants of Health (SDOH), also known as Health Related Social Needs (HRSN), and their effect on older adults in our area. SDOH are the conditions and situations where people are born, live and work that can affect their health and quality of life outcomes. The two SDOH of utmost concern locally are:

- **Social Isolation/Loneliness**
- **Food Insecurity/Hunger**

**Social Isolation** is the lack of social contacts and having few people to interact with regularly.

Studies have shown that social isolation puts older adults at a higher risk for multiple health issues and even premature death.

**Food Insecurity** is the condition of not having access to sufficient and/or adequate food to meet one's basic needs.

Meals on Wheels America reports that 6.2% of older adults in Virginia experience some type of food insecurity.

## **FREE OR REDUCED PRICE CELL PHONES**

Lifeline is a program to assist eligible consumers with purchasing landline telephone or cellphone service at a reduced cost. The program is jointly administered by the Federal Communications Commission (FCC) and the Virginia State Corporation Commission (SCC).

If the member, aide, or attendant qualifies for the Lifeline program, the phones may be used to supply the Electronic Visit Verification (EVV) initiative. EVV is a system that electronically records when and where an aide/attendant provides certain services to a Medicaid member.

There are several telephone or wireless companies that participate in Lifeline. If you are covered by a Virginia Medicaid Managed Care Organization such as Aetna, Anthem, Magellan, OptimaHealth, United Healthcare, or Virginia Premier, contact them directly. If not, you can select your own. Companies that participate provide discounted rates, the minimum you would save is \$9.25 per month on your service. Choose wisely because they offer different plans with different numbers of minutes, different refill options, and serve different geographic areas.

Below is a list of the free Lifeline cellphones in Virginia

- **Access Wireless** (1-888-900-5899): Free cell phone, 100-750 minutes, unlimited texts, plus 50-200 MBdata
- **Assurance Wireless** (1-888-321-5880) Free smartphone, 350 free minutes, unlimited free texts and 500 MBdata
- **Safelink Wireless** (1-800-378-1684) Free cell phone, free SIM card, 1000 free minutes and 1.5 GB of data per month or 1000 free minutes and 1.0 GB permonth
